

Brookside Primary Financial Information

This document has been set up so that you can find information relating to financial matters at Brookside Primary School.

School Financial Information

We are asked to publish show many members of staff (if any) have a gross annual salary of £100,000 or more in increments of £10,000. No member of staff at Brookside Primary School is paid this figure.

Number of employees receiving a salary of £100,000+	Number of employees with a Gross Salary of £100,000	Number of employees with a Gross Salary of £100,000+ (increments of £10,000)
NONE	NIL	NIL

School Financial Benchmarking

The school uses the Department for Education's (DfE's) Schools Financial Benchmarking website to find similar schools and then compares their per-pupil revenue and expenditure data against spending at other similar schools. This allows us to identify areas where spending is comparatively high or low. It is important to also understand the story behind the data and to consider it in context.

The Headteacher and School Business Manager work closely with Governors when considering financial decisions and staff are consulted when developing the systems and processes the school has in place to help ensure spending is efficient and results in the best outcomes for our pupils.

The DfE's latest benchmarking report, for financial year 2019 - 20, is attached as a PDF below. You can also click on the following link for further information: [Gov.Uk Schools Financial Benchmarking](#)
